SECTION Vacant — SERIAL NO 4 of 1901 — for a sum

In the State Fund Bud the year 1899-1900 of Rs 800 was provided under the Head VI "Book Deptt for "Contingencies" and a sum of Rs 10000 for purchasing "Books," "Maps" etc —

Please see page 8 of the accompanying Journal Dtd 8th of July 1899

2). The I Gt now states that the sum of Rs 800 provided for Contingencies, has all been expended during the first 8 months of the current year, and that an additional sum of Rs 300 may probably be required to meet the Contingent charges during the remaining months of the year, and requests that Govt may

be pleased to sanction the same from the provision of Rs 10000 for the purchase of Books in the current year's State Fund Budget ||

3) The I lyt further requests that, as the business of the Book Depots is growing large every year, the annual provision for contingencies may be permanently increased from Rs 800 to Rs 1200

By Govt Pro no 15112-3 / Ed 398 dated 18-5-98, a sum of Rs 150 was sanctioned from the provision of Rs 10,000 for Books to meet the excess charges in 1897-98 (putup)

In letter No. 8404/378 28th March 1900, the I Gl recommended —

Serial No 5

1) that an additional sum of Rs 300 be sanctioned for the current year for the Contingent expenses of the Central Book Depôt, the normal provision of Rs 800 being found insufficient

2) and that the normal provision be raised from Rs 800 to 1200, as was found to be the business of the Depôt is growing every year

Serial No 6

The I Gl was asked, in this office Docket No 1078 3/d 4297 d 27th March 1900, to furnish some additional information on the subject and the Comptr was requested to state under what particular heads, the charges of the Central Book Depôt showed increase for the past three years

Serial No 7

The additional sum of Rs 300 required for the current year having been reported to be urgently wanted the same was sanctioned

Serial Nos 8 + 9

When sanction as above was communicated to the I Gl, the Comptr had not furnished the information

called for and therefore the second of the two questions viz the propriety of the I GI to raise the normal provision for Contingencies of the Central Book Depot was reserved

The reply from the Comptroller having been received the matter has to be taken up now

The comptr is unable to show under what particular heads the contingencies of the Book Depot show increases He however recommends that the normal provision of Rs 800 may be raised to Rs 1200 as proposed by the I GI

The I GI's letter No 9279 dated 30/3/00 makes it clear that the business of the Book Depot has increased from 1873 74 before which date the present provision of Rs 800 was fixed

Para 2 of the above letter shows (with reference to the statement furnished) that the bulk of the Expenditure of the Book Depot consists of "Railway charges and cartage and Coolly paid for books, maps and stationery received in the Depot, and issued from it to Branch Depots, schools and the public etc" The additional charge is Rs 400 per annum thus the I GI, it is submitted, may be authorized to include in the next Stated Budget for the final consideration of Govt as has been done in some other cases

Submitted to Secretary

As desired in 1st Councillor orders on the file below, I saw the Curator of the Government Book Depot yesterday and discussed with him the subject of the contingent grant made to the Depot

He has promised to send in a few days a statement showing the heads under which there has been increase of expenditure during the past 5 years

As regards the " to pay" system, he says that it is already in force to a certain extent, i e , he pays to the Government Press at Bangalore and Mysore the charges incurred by them in transmitting books &c , to the Book Depot To apply the system in its entirety is attended with difficulties There are 78 Branch Depots at Taluk Head Quarters &c , and he has to send books, furni-ture &c , to all of these, paying the transmission charges (by rail or by cart) He cannot recoup himself from all these Depots because none of them has any contingent allowance for this purpose The Head Masters of Schools have very small contingent allowances which are barely sufficient for the needs of the Schools themselves

themselves If the "To pay" system is to be introduced into all the Branch Depots then contingent grants will have to be given to all of them, and they may ask for clerical help or remuneration for the additional work involved At present, either the Head Master or an Assistant Master does the work of the Branch Depot without any additional remuneration Deputy Inspectors of Schools have nothing to do with Branch Depots They are supplied only with prize books and that only once a year

The above is what the Curator told me, considering the above difficulties and the reasons given in the Inspector Generals letter No $\frac{9279}{426}$ dated the 30th March 1900, it is submitted that a good case seems to have been made out for increasing the contingent grant of the Central Book Depot from Rs 800 to Rs 1200 per annum as recommended by the Inspector General

This is one of the points for disposal in connection with the State Fund Budget, now before the Secretary

15/7/00

This item may be dealt with later on

25/7/00

A provision of Rs 100 has been made in the State Fund Budget, pending final orders the Comptroller who was consulted as to the introduction

+(as per orders overleaf)

of the "To pay" system into the Depôt states that he sees no objection to the same being introduced in regard to Carriage by Railway &c of Consignments of books, furniture, apparatus etc. sent to the Schools and the public he adds however that the I Gl may be asked to instruct the Central Book Depôt and the Schools on the subject

In the Budget orders an additional provision of Rs. 100/- was made temporarily because I presume it was then in contemplation to introduce the 7 day system in the Central Book Depot. As this is now effected the impracticable I have drafted an order making the increase permanent subject to appl. The draft is based on the Comptr (now Offg. Secy) orders 28/8/00 on the margin of the typewritten portion of the foregoing office note. [illegible]

Subd

The normal provision in the State Funds for Contingencies of the Depôt Budget is Rs 800-. The I Gl represented that this amount was found insufficient and strongly recommended that the provision be raised to Rs 1200 A statement of actual of Expenditure under Contingencies of the Depôt was obtained from the Curator and it was found that a sum of Rs 4547-12-0 was spent during the past 5 years ie an average of Rs 909-8-11 per annum

While the above facts were being made clear the state Funds Budget had come up for orders and it was resolved in Council that a provision Rs 100 be sanctioned for raising temporarily the provision for Contingencies of the Central Book Depôt from Rs 800 to Rs 900; pending final orders on the subject of introducing the To Pay system in the Depôt with a view to minimise the Contingent expenditure and bring it under the normal provision of Rs 800 a year On enquiry however it is found that the "To Pay

System cannot be introduced

At this stage the question of increased provision being made for Contingencies for the Depôt came up finally for orders and in the Draft submitted for appl_, the Hon under Secretary wrote as follows —

Govt observe that the total cost of the Contingencies of the Central Book Depot for the past 5 years is Rs 4547-12- or an average of Rs 909-8-11 per annum The Contingent annual grant will accordingly be permanently raised to Rs 900, any Extra Expenditure incurred over the sanctioned allotment being met by re appropriation on special application from the I.G.E.

What was sanctioned (Rs 100) as a temporary measure in council pending final orders, now became a permanent grant under the proposed order, and to this the 2d Dr has given his approval

The Budget provision (Notional) is not Rs 900 but only 800

Hence there is an increase of Rs 100

The draft order will either make this additional grant either permanent or temporary

Till any such order comes the I.G.E cannot utilize the additional temporary provision (Rs 100) sanctioned

on the Budget

Submitted for orders

26/11/00

The increase provided in the Budget was a temporary one It is sought in the draft order to make the increase permanent Hence the papers were subd to the Offg Dewan.

Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore,
General and Revenue Departments

SIR,

I have the honour to state that the amount provided in the State Fund Budget of the Education Department for defraying the Contingent charges incidental to the transactions of the Government Central and Branch Book Depôts is Rs 800 This amount has fallen short of the actual expenses during the last three years By Government order No $\frac{15112\ 3}{Ed\ 398}$ dated the 18th May 1898 a sum of Rs 150 was sanctioned from the provision of Rs 10,000 for books to meet the excess charges in 1897 98 A sum of Rs 100 was similarly sanctioned by Government order No $\frac{14314-5}{Ed\ 331}$ dated the 20th June 1899 which met part of the excess incurred 1898-99, a sum of Rs 73 which still remained unadjusted at the end of that year, having been paid at the beginning of the current official year During the

eight months of the current year, which have elapsed, the whole of the amount has been spent The expenses during the remaining months of the year may probably amount to Rs 300 I request that Government may be pleased to sanction the charge from the provision of Rs 10 000 for the purchase of books in the current year's State Fund Budget I further request that as the business of the Book Depôt is growing larger every year, the annual provision may be permanently increased from Rs 800 to Rs 1200

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,

No 2279/426 Series 2. ~~Mysore~~, Bangalore, 30th March ~~189~~ 1900

From

H J BHABHA, Esq,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore,
General and Revenue Departments,
Bangalore.

Sir,

With reference to your docket No 10783/Ed 479 dated the 27th Instant, I have the honour to forward two statements, one showing the nature and monthly amounts of Contingent charges incurred by the Curator, Government Central Book Depot with his forwarding letter No 2248/432 dated the 3rd February last, and the other showing the increase of its stock and sales

2 The first statement shows that the bulk of the expenditure consists of Railway charges and Cartage and Coolly paid for books Maps and stationery received in the Depot and issued from it to Branch Depots, Schools and the Public, and similar charges paid for furniture, clocks and other apparatus sent to schools, in different parts of the Province. Of late the depot has been paying Cartage and Railway charges for all books received from the Central Press and the Branch Press for sale in the Depot

of the total charges incurred up to the end of December last the transmission charges alone amounted to Rs 662 8-6 This increase in the transmission charges has inevitably followed the increase in the stock, the Book Depot and in the sales effected as well as the increase in the number of schools and the enhanced care with which books and apparatus have been of late supplied to the remotest schools in the Province At the beginning of 1896-97 the value of the stock in the Central Book Depot was Rs 96,785 and Rs 29508- worth was added to the stock before the end of that year At the beginning of 1897-98 the value of the stock was 96,433, to which Rs 37,882 worth was added in the course of the year At the beginning of 1898-99 the value of the stock amounted to Rs 103,946 and the value of additions to it to Rs 38,557 On the 1st January 1900 the value of the stock was Rs 131,820 and books, maps &c valued at Rs 20,334 were added to the stock from 1st July to 31st December 1899 A considerable portion of the annual additions to the stock consists of acts, codes and other Government publications, as well as publications of the Oriental Library, which are sold to the public and distributed gratis to public offices and institutions The sales which were gradually rising from 1891-92 to 1897-98, fell off suddenly in 1898-99 on account of the reduced Rent Judgment

from the sales effected during the six months from July to December there is reason to hope that the sales during the current year will approximate the sales in 1897–98. As however the greater portion of the expenditure is incurred in the Central Book Depot in the shape of conveyance charges for books, maps, &c ordered for the Depot from various places and for furniture and other articles sent from the Central to the Branch Depots and from the latter to Schools, these charges cannot but increase with the increased quantity of books received in the Depot and of furniture, reference books and apparatus distributed to schools, in spite of a fall in the sales which may occur in an exceptional year.

3 The Depot is also the medium of distributing to school libraries the magazines of educational interest purchased by the Department as well as books purchased from the provision for the encouragement of authors. The cost of petty repairs of school furniture, of books, of doors, tables, benches &c, of tin cases for packing sand-glasses, maps &c is charged to the Depot contingencies.

4 It has not been possible to ascertain from the records in this office, when the contingent allowance of the Depot was fixed at Rs. 800. But

Rs 800 is found entered in the State Final Budget of the Department for the official year 1873-74 and in the Budgets for subsequent years. It is needless to say to what extent the operations of the Department, and with them, the operations of the Depot have expanded since 1873-74

5 It is requested that the Curators' letter No 2248/432 may be returned when done with.

I have the honour to be,
Sir,
Your most obedient servant,
H J Bhabha
Inspector General.

Inspector Generals No 6509/369 of the 15 ultmo enquiring what special reasons there were for spending almost entirely in one month the provision for contingent expenses sanctioned for a whole year

In reply to the above has the honour to forward for perusal the accompanying statement which shows how the provision for contingent expenses has been nearly spent to the full sanctioned amount and to state that the Inspector General will be pleased to notice that the expenditure incurred

Vide Govt No Xsta 15112-3/Ed 398 of 1895/98 Rs 150 was saved extra from the Book Grant for the 98/99 Contingencies

By Govt No 14314-5/Ed 331 of 20/6/99 Rs 100 extra saved by re-appropriation from the Item grown for Books

According the last detailed Contingent bill passed by this office the balance was Rs 26-5-3 out of the provision of Rs 800/- (Every thing 26-5-3 has been spent in full) Ld 8/2/00 RVJ 8/2/00 BN

under each head was absolutely necessary With all it economy used by the undersigned in spending the contingent allowances sanctioned for the Central Depôt it has been found for the last three years that the charges have an increasing tendency and, the Inspector General has, on the representation of the undersigned sanctioned additional sum each year to meet the demands The provision of Rs 800/- for contingent expenses was so retained some years back when the Central Depôt had a narrow limit of its usefulness, but of late years with the onward march of education and the yearly increasing number of Schools in the province the work of the Depôt has very considerably increased and with the increase of work the contingent expenditure has also increased Taking all these things into consideration the undersigned requests the Inspector General to kindly sanction an additional sum again this year to meet the necessary contingent charges for five months more and of Rs 300 are sanctioned every effort will be used to keep the expenditure under that limit until the close of the official year
